Creating and Effectively Using a Teaching Webpage Using Web 2.0

Online Activities 2/18 – 2/24

For review and reflection of what we did in class:

Post a reflection on your blog in our Ning (<http://aobweb20.ning.com>):

I would like you to share ideas you may have for how a wiki or using Google Shared Docs could enhance your teaching. Which do you prefer and what is more suitable for your needs? Name your post **Collaboration**.

I would also like you to see the **discussion forum** feature in Ning, so please visit it and contribute to the conversation about podcasting and image sharing.

In preparation for 2/25: Podcasting and Image Sharing with Picasa

Watch the videos on Podcasting and Image Sharing. These are on our class wiki: <http://aobweb20.wikispaces.com> under their respective category on the left navigation.

Create a Podbean account. www.podbean.com

You already have Picasa ready to go since you have a Google account.
